CD Retail-Pak Plus Artwork Template - Tray Insert Card

Important Instructions

- 1.) Once you have your artwork set up, please remove the guideline and the bleed line. The guideline is the inner rectangles and the bleed line is the outer rectangle. However, please leave the crop marks in the four corners and the marks showing where the spine fold is located.
- 2) OVERALL Finished trim size is 5.875" left to right and 4.625" top to bottom. Keep copy and important graphics away from the guidelines by minimum 3/32". We understand that rule may need to be stretched in the spine area, just please do not fill up the spine area with big copy, as it will probably get cut off.
- 3) Bleed all backgrounds 1/8" to the bleed line supplied.
- 4) Artwork for the tray insert can be in full color.
- 5) The UPC area can be moved anywhere on the back of the insert, but it must be the same size. We will insert the bar code on our end prior to printing. It will be in black print over a white background.
